Social Media Do's ✅

- **Update Privacy Settings:** Regularly review and use strict privacy settings to control exactly who can see your personal information and posts.
- **Maintain Professionalism:** Keep platforms like LinkedIn updated with your current education at VIT Bhopal and relevant technical skills.
- **Think Before Posting:** Always consider that your digital footprint is permanent and can be reviewed by future employers or internship coordinators.
- **Verify Information:** Always check the reliability of a source before sharing news or links to prevent the spread of digital misinformation.
- **Respect Intellectual Property:** Give proper credit to original creators when sharing images, articles, or content that you did not create yourself.

Social Media Don'ts ❌

- **Post Offensive Content:** Avoid posting discriminatory, disrespectful, or unprofessional comments regarding your peers, faculty, or institution.
- **Share Sensitive Data:** Never post your passwords, OTPs, home address, or private financial details on any social platform.
- **Violate Privacy:** Do not upload photos or videos of other students or faculty members without obtaining their explicit consent first.
- **Engage with Trolls:** Avoid participating in heated online arguments or interacting with "trolls," as this can negatively impact your professional reputation.
- **Use Unprofessional Language:** Do not use slang or unprofessional language when communicating in academic groups or university-linked platforms.
